

EDUCATORS & STUDENTS

MEET YOUR MHIIB REP.

Erin D. Pittman, MS, PAS **Academic Equine Community Representative**

Maryland
HORSE INDUSTRY BOARD

Erin was born and raised in Loveland, Colorado. She fell in love with horses at a very early age. Erin graduated from the University of Colorado with a degree in Political Science in 1994. She realized very quickly that she had made a mistake and so returned to school, earning a BS in Equine Science from Colorado State University in 2000. She completed her graduate degree in Equine Nutrition at CSU in 2001, after doing a research study on the affects of rapid growth on bone development in weanling horses. Erin took her current job with the University of Maryland as the advisor and Program Coordinator for the Equine Business Management Program at the Institute of Applied Agriculture. She advises all EBM students, supervises their internships, and has taught 5 equine courses for both 2- and 4-year Equine Students. Erin is also one of three state-wide Horse Extension Specialists. She gives seminars at meetings and to horse groups, 4-H and Pony Clubs, as well as provides one-on-one consultations to farm owners in the areas of nutrition and pasture management. Erin lives in Davidsonville on a horse farm with her husband, Steuart Pittman.
